

# Maintenance Research Bulletin: March 2017

NTREC New Technology Research Equipment Committee  
MOR Maintenance Operations Research

## HAWKEYE V2 Video Borescopes

The Hawkeye® V2 Videoscopes contain a brighter, higher resolution, more durable camera, delivering sharp, clear photos and videos in a wide range of demanding inspection applications. This product was proposed and awarded to Metro District to assist in their Foam Jacking Operations to inspect below the surface. Operators will evaluate if it improves the efficiency of Foam Jacking process over the summer of 2017.
