1. **Under Contract Type 1**, is it expected that the contractor will be available to visit the MnDOT office periodically to obtain information and access CRIS and other systems, or will this work be completed remotely?

   It is anticipated that the work will be completed remotely for the foreseeable future due to the coronavirus pandemic. It is possible that at some point in the future once it is determined safe to go to the office that periodic office visits may be needed, but the vast majority of the work will be performed remotely.

2. Under Contract Type 2 it’s stated that staff must be pre-qualified in Archaeological Studies I and II; could you please clarify that this is pre-qualification under Work Type 12.1 and not Work Types 12.1 and 12.2.

   Staff must be pre-qualified under both 12.1 and 12.2.

3. If selected, is the contractor precluded from continuing to work with MnDOT or other project sponsors to complete Cultural Resource work on other projects?

   No.
